Revised:

624 DEVELOPMENT DELAY FOR EARLY CHILDHOOD SPECIAL EDUCATION

PURPOSE

It is the policy of the district that every child ages three to seven who has a substantial delay or has an identifiable physical or mental condition known to hinder normal development (as defined by the standards of the state board) shall continue to be a child with a disability. These children shall receive appropriate special education and related services. This policy reflects the revised Minnesota Statute 120.03 subd. 1 which is modified to reflect the new definition of developmental delay for children ages three to seven as required by the new federal law, IDEA.
