Dear Parents & Guardians:

11/1/2018

In an effort to make sure our students are safe, we are enforcing the District Medication Policy 516 under Section III, Paragraph C. that states, "Prescription medication must come to school in the original container labeled for the student by a pharmacist in accordance with the law ..."

We cannot accept baggies, pills that are dished up by the parents or out of date containers from old prescriptions.

Please understand that this is for the safety of your child. If you have questions or concerns, please contact me at 763-219-2469.

Jolie Holland,
Jholland@hlww.k12.mn.us
